PROFESSIONAL SUMMARY

Master of Computer Applications (MCA) student with hands-on experience in Full Stack Web Development. Skilled in MERN stack, PHP, MySQL, and modern frontend technologies. Proficient in building responsive web applications, developing RESTful APIs, and creating user-friendly interfaces. Passionate about solving real-world problems through technology and continuous learning.

EDUCATION

Integrated Master of Computer Applications (MCA)

Amal Jyothi College of Engineering | Expected Graduation: 2027

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript, React.js, Responsive Web Design, Bootstrap, UI/UX

Backend Development: Node.js, Express.js, PHP, REST API Development, API Integration

Databases: MongoDB, MySQL, Firebase, Database Design, Query Optimization

Tools & Platforms: Git, GitHub, VS Code, AWS EC2, XAMPP, Docker, Linux

PROFESSIONAL EXPERIENCE

MERN Stack Development Intern

Duration: 2 Weeks

- Developed web application components using MongoDB, Express.js, React.js, and Node.js
- Worked with REST APIs for data communication between frontend and backend
- Implemented responsive user interfaces using React.js and CSS3
- Learned project structure, API integration, and database operations in MERN applications
- Collaborated with team members on development tasks and debugging processes

PROJECTS

EV Charging Station Finder

Technologies: HTML5, CSS3, JavaScript, PHP, MySQL

- Developed a web platform to locate nearby electric vehicle charging stations
- Implemented station availability tracking and user reservation functionality
- Designed responsive and user-friendly interface compatible with mobile and desktop devices
- Integrated MySQL database operations for station and user management

Subscription-Based Quiz Platform

Technologies: HTML5, CSS3, JavaScript, Frontend Development

- Built an online quiz platform supporting weekly assessments and multiple question types
- Developed student dashboards for profile management and score tracking
- Created admin functionality for question management and user administration

- Supported multiple question formats: MCQ, True/False, Audio, and Video-based questions
- Implemented responsive design for optimal viewing on multiple devices

Personal Portfolio Website

Technologies: HTML5, CSS3, JavaScript, Responsive Web Design

- Designed and developed a modern responsive portfolio website showcasing projects and skills
- Implemented CSS animations, interactive UI components, and mobile-first design approach
- Ensured cross-device compatibility and accessibility best practices

CERTIFICATIONS

- MERN Stack Development Training
- IBM Full Stack JavaScript Developer
- Database Management System (DBMS)

CORE COMPETENCIES

Problem Solving, Team Collaboration, Effective Communication, Adaptability, Time Management, Quick Learning, API Development, Web Application Development, Database Management, Git Version Control

LANGUAGES

English | Malayalam

CAREER OBJECTIVE

Seeking opportunities as a Full Stack Developer Intern or Software Developer to apply technical knowledge, gain industry experience, and contribute to innovative software solutions while continuously advancing professional skills in web development and software engineering.
